I am a highly motivated learner with a strong interest in backend, mobile, and web development. I enjoy building applications and continuously improving my technical skills. I am seeking a **Backend Developer** opportunity, where I can learn backend technologies, gain hands-on experience, and learn from experienced developers while contributing positively to the team.

Skills

- **Programming:** C#, C++, PHP, JavaScript
- **Backend Development:** Laravel, REST API
- **Database:** Microsoft SQL Server, MySQL
- **Web Development:** HTML, CSS, Bootstrap, React.js, Tailwind CSS
- **Tools:** Git, GitHub, GitLab, Postman, Visual Studio
- **Microsoft Office:** Word, Excel, PowerPoint
- **IT Support:** Troubleshooting hardware/software issues, basic networking, and system setup
- **Operating Systems:** Windows, macOS
- **Soft Skills:** Problem-solving, Teamwork, Fast learner, English for IT

Experience

PEDRO – M.W Metropolitan International Brands Co., Ltd., Phnom Penh

Retail Sales Executive (January 2024 – February 2026)

- Prepared daily sales reports and verified transaction accuracy
- Developed strong attention to detail, communication, and problem-solving skills
- Handled POS system operations and resolved transaction issues
- Ensured transaction accuracy and daily reconciliation
- Assisted customers with technical/payment-related issues
- Worked effectively under pressure and handled multiple tasks within deadlines
- Followed company procedures and operational guidelines

Education

Hun Sen Saang High School

- High School Diploma (2023)

BELTEI International University – Bachelor's Degree in Information Technology (Year 3)

- Major: Software Engineering

Udemy Short Course

- Learned Flutter fundamentals and Dart basics, including UI widgets and simple mobile application development.

Projects

- [Laravel Bakong Payment](#)  [Source Code](#)
 - Built a real-time payment system using Laravel and Bakong API to generate QR codes and automatically verify transactions.
- [E-Commerce Website \(Laravel, MySQL\)](#)  [Source Code](#)
 - Developed a full system with admin dashboard, product CRUD, cart, checkout, and order/payment management.
- [Laravel CRUD Application \(MVC,MySQL\)](#)  [Source Code](#)
 - Developed a Laravel 12 CRUD application using MVC architecture with MySQL integration, implementing full data operations and form validation.
- [Student CRUD System \(C# .NET, MSSQL\)](#)  [Source Code](#)
 - Built a Windows Forms app with CRUD operations, SQL Server integration, and validation to ensure Date of Birth is not later than the current date.

Interests

- Backend and Web Development
- Database Management
- Mobile Application Development
- Learning New Technologies
